.....

Test 1

Our school begins at 7:30. We start the day by standing in line, saluting the flag. Then we go to our classrooms and begin our lessons. Our first subject is usually Arabic. Next, we have subjects like math, English, and science. Some topics are a bit tricky, but I try my best. The school ends at 1:30 p.m.

Test 2

Gold is a beautiful, yellow, shiny metal. Long ago, Ancient Egyptians used gold to make beautiful jewelry for kings and queens. Today, Egypt still finds gold in the Eastern Desert. Also, Egypt has iron in the Eastern Desert. Iron is a strong metal. We use iron to make steel.

Test 3

Wasting energy causes climate change, which affects animals and their homes. Small daily actions can make a big difference. Together, we can protect our country and planet—we should all be Energy Heroes!

Test 4

As the old man grew weaker, he became more worried about his sons. "My sons," he said, "You should stop fighting and work together. If you all unite, you will be strong." The three sons did not listen to their father.

Test 5

Benban uses clean, sustainable energy. It reduces pollution and keeps the air safe. It also creates thousands of jobs for engineers, builders, and people from nearby villages, helping them support their families.

Test 6

Al Galala City is built on Al Galala Plateau near Ain Sokhna. It was part of a national plan to reduce crowding in older cities. The city has luxury hotels, beaches, a water park, and a famous cable car that offers great views from the mountain to the sea.

Test 7

In Alexandria, it's windy and rainy. The sky is full of dark clouds and the waves are high. People are staying indoors because it's cold and the streets are wet. Some shops are closing early.

Test 8

Hello! I'm Amina from Ezbet El Borg in Damietta. People here are fishermen. I accompany my father to catch fish early in the morning. Some villagers work in fish factories or repair boats. My friend Omar lives in Shakhelouba. People fish using small wooden boats. He helps his dad clean fishing nets.

Test 9

One of the newest and most exciting places to visit is the Grand Egyptian Museum. Visitors can see statues, golden jewelry, tools, real mummies, and even the Solar Boat that belonged to King Khufu. At the entrance, there is an information desk where visitors can ask questions or get help.

Test 10

The High Dam is a huge wall that crosses the Nile River in Aswan, Egypt. The High Dam helps people in many ways. Farmers use the water for irrigation, to grow vegetables, fruits, and grains all year. The dam also sends electricity to homes, schools, hospitals, and factories across Egypt. It protects cities from dangerous floods, and it makes sure people have water even when the river is low.
